C   DSA   DBMS   JAVA   SQL   OOPS
HTML & CSS   Javascript

PERSONAL PROJECTS

Home Automation Using IOT (02/2022 - 02/2023)
- In this ESP8266 project, with the help of my teammates I have shown how to make the IoT based Home Automation project using NodeMCU ESP8266 and New Blynk app to control 4 relays with real-time feedback. We can easily make this simple home automation system to control the appliances from anywhere in the world through the internet.

Portfolio Webiste Using HTML,CSS and JAVASCRIPT (04/2022 - 07/2022)
